Best Friends SAVE THEM ALL

Atlanta • Kanab • Los Angeles • New York City • Salt Lake City

April 4, 2022

To whom it may concern:

It is my pleasure to recommend Donna Rivas to you.

I am KylieRose Melville, Senior Manager of Lifesaving Programs with Best Friends Animal Society – Los Angeles. I have ten years of experience in animal welfare and have worked with a large number of volunteers during that time. Donna is one who stands out for her hard work and dedication.

As a volunteer with Best Friends, Donna has taken on the challenging role of serving as a receptionist for us, starting during the global pandemic. This position is one that presented a challenge on many levels and Donna rose to the occasion easily.

Animal welfare is an industry where emotions are often running high and our receptionists are at the frontlines of it. Compassion and patience are integral to the work we do as an organization and Donna has exemplified that even in the face of all of the challenges that the changing landscape of the pandemic presented. Donna proved to be a quick study and picked up our policies and procedures with ease. Over the past year she has helped us provide exceptional customer service to all members of the public who reach out to us looking for help or information.

We are all incredibly grateful for to have had the chance to work with Donna . If you need any more information, please do not hesitate to contact me at 818-643-3989 ext. 114, or by email at kylierosem@bestfriends.org.

Sincerely,

KylieRose Melville
Senior Manager, Lifesaving Programs
Best Friends Animal Society – Los Angeles
